

DOUBT ABILITY TO MEET BIG WAR DEBT WHEN IT MATURES

Problem is Causing Congress Much Concern

GARNER SAYS MUST NOT BREAK FAITH

(By The Associated Press) WASHINGTON, Dec. 13.—Concern of congressional leaders as to the ability of the treasury to meet the \$7,500,000,000 of war debts maturing within the next two and a half years was indicated by Chairman Fordney of the ways and means committee today both in the house and at the opening of the hearings by his committee on revision of revenue legislation.

The ways and means committee frankly expressed doubt as to whether the estimate of a four billion annual tax levy would be sufficient to meet the requirements of the government over the period of maturing treasury certificates and victory notes. As a solution, he advocated refunding into long term bonds of the certificates now aggregating \$2,350,000,000 as well as of the first issue of war savings stamps and the victory note issue.

Adoption of such a solution, Mr. Fordney declared, probably would enable a reduction of taxes below Secretary Houston's estimate of four billion dollars. It also, he said, would permit tax levy for several years sufficient only to cover current fiscal needs of the government and interest on the public debt and sinking fund operations.

The first witness before the committee at the tax revision hearing however, disagreed with Mr. Fordney on the proposal. In reply to questions by Representative Thomas, Republican, Ohio, Longworth, S. Adams, treasury tax expert and economist, said the problem of the treasury appeared to provide sufficient revenues to take care of the maturing obligations except the savings stamps which would be paid thru the sale of other issues of such stamps as each yearly issue falls due. He added however, that the treasury estimates for taxation could show a reduction if the program were to be carried thru and the maturing obligations met.

Politics Enters Discussion

Politics entered into the discussions of the methods of paying off the war debt when the committee reached the subject later in the day.

Representative Garner, Democrat, vigorously opposed the Fordney suggestion saying it meant that the government "was breaking faith with the people whom it had assured that it would take up the floating debt to make liberty bonds retain their proper level of market value."

To float another loan, Mr. Garner asserted, would materially weaken the quotation of the liberty bond prices.

"When we passed those loan bills and tax measures, we told the people certain things," Mr. Garner continued, "and surely cannot go back on those assurances. It would be breaking faith with the people."

"Well," Mr. Fordney countered, "those things were the work of the Democratic administration. That floating debt was the product of the Democratic administration. But inasmuch as we have it, it has now become an obligation of the Republican party and I mean to do all I can to get rid of it without burdening our people with taxation."

Discussion of actual tax revision questions by the committee developed an almost unanimity of opinion among its members with respect to repeal of the excess profits tax. Dr. Adams, speaking on this point, but warned the committee that congress should attend upon collection of a sales tax.

CHASE CORPORATION ANNOUNCES DISSOLUTION

New York, Dec. 13.—The Chase Securities corporation, managers, today announced dissolution as of last Saturday of the banking syndicate formed last summer to market \$200,000,000 of new American Woolen company common stock.

This dissolution was made twelve days before the date of the syndicate expiration and is understood to have been with a view to making available for tax purposes the syndicate losses sustained by the individual underwriting firms.

Under the syndicate terms the stock was not to be marketed under par or \$100 a share. It was quoted around 62 on the New York stock exchange today.

BELIEVED SIN FEINERS WILL NOT RESPOND TO OFFER

Declare They Will Not Accept Offer of Safe Conduct

MAY WELCOME MARTIAL LAW

(By The Associated Press) DUBLIN, Dec. 13.—It is not regarded here that any response will be forthcoming from Sinn Feiners to the offers embodied in Premier Lloyd George's speech in the house of commons last Friday in which he stated that safe conduct would be given to Sinn Fein members of parliament for discussions of the Irish question with the government.

The Sinn Fein members of parliament it is declared will not take advantage of the safe conduct offer as they consider it to induce them to sacrifice their leaders. It is suggested that the Irish Republican parliament might meet again as it had been doing occasionally, to answer the premier's speech, but even this is considered unlikely as the disposition is to ignore what he said. It is pointed out that the imposition of martial law in the southern counties of Ireland adds little to the existing powers of the government as those counties already have had an experience of restricted military rule. The only novel feature is that which prescribes the penalty of death to anybody found in possession of arms or harboring persons escaping from arrest.

Heretofore the penalty for these offenses has involved penal servitude, but the only persons surrendering arms have been lawabiding citizens not connected with the fighting, while the risk of harboring suspects has rarely faced to fears of visits from the Black and Tans.

There are many in Ireland who even welcome the imposition of martial law as fixing the military responsibility in the areas to which it applies.

ELIHU ROOT HAS CONFERENCE WITH PRESIDENT-ELECT

Nothing Has Been Given Out Concerning Subject Discussed

BRYAN WILL CONFER FRIDAY

(By The Associated Press) MARION, O., Dec. 13.—President-Elect Harding today discussed the problems of his administration with Elihu Root, a former secretary of state and one of the most notable of the nation's elder statesmen.

International relations and the prospect for an acceptable world peace association held the center of attention in their four hour talk. Mr. Harding drawing exhaustively upon the recent experience of his visit as an adviser abroad in the formation of a world court.

What advice Mr. Root gave with regard to reservations of the framework of the league was not revealed, nor would either comment on the results of the conference except to say that no conclusions had been reached. It was indicated that Mr. Harding was attempting to form no opinion for the present but was content to gather information.

Coinciding with Mr. Root's visit it became known that Col. George Harvey, the New York editor who has been the guest of the president-elect since Saturday is urging Mr. Harding to advocate a world agreement that no nation would resort to offensive warfare until its people had so decided by referendum.

Colonel Harvey did not indicate to what degree his proposal had been approved but he expressed hope that some such provision would be written into any world association sponsored by the coming administration.

The war referendum proposal has been advanced many times during the peace treaty fight and several reservations embodying it were introduced in the senate. One of its leading advocates has been William Jennings Bryan, who is to confer with Mr. Harding Friday.

TWO AUTOMOBILE THIEVES ARRESTED

(By The Associated Press) ROCKFORD, Ill., Dec. 13.—Two Chicago men were arrested here tonight on a charge of stealing an automobile in Chicago and attempting to dispose of the car here. A Chicago detective is on his way to Rockford to bring the men back to Chicago for trial.

The prisoners gave the names of John Spatzura, 4614 Gross St., and Dominick Sentora, 1330 West Grand avenue. The men were arrested by Sheriff Baldwin after offering to sell the machine to a local automobile dealer for \$25.

CONSTANTINE IS PREPARING FOR RETURN TO GREECE

Former King Will Reach Phaleron Sunday

ROYAL FAMILY WELL LIKED

(By The Associated Press) LUCERNE, Switzerland, Dec. 13.—The members of Constantine's suite with their families and servants will leave tomorrow for Brindisi from which point they will depart for Athens. The departure of Constantine himself for Venice tomorrow afternoon will be informal and the same as that of ordinary travelers. According to additional details of the program of the Greek government telegraphed to Constantine today, the latter will arrive at Phaleron, four miles from Athens at 1 o'clock Sunday afternoon.

The party will pick up the Greek council of ministers and Crown Prince George at the Island of Melos, and they will join in the triumphant entry into Greece. Before landing at Phaleron Constantine will don the uniform of a generalissimo in the Greek army.

No Pomp Displayed

To casual observers it would hardly have been apparent today that the royal family were in their hotel. The various members of the family—Queen Sophie, the princesses Helen and Irene and Prince Paul—go in and out without fuss or feathers, while little Princess Catherine continues to play thru the corridors and in the lobby with her English governess close at hand.

Constantine is spending most of his time in his study going over the communications from the Greek government and answering his personal correspondence. The return to Athens of the exiled Constantine is viewed by the people of Lucerne with mingled feelings of regret and pleasure; the former feeling because Constantine and his family have endeared themselves to the staid German Swiss of this Alpine resort, the latter because he will have come back into his own.

Incidents of Family Story

Many incidents are told here concerning the contact between the royal family and the people of Lucerne, but the one they like most to tell is how, when soup kitchens were necessary, the queen who is in none too good health and her daughters stood many hours daily serving food to the poor. Again Constantine's friendly smile as he strolled thru the streets and his genial democratic bearing has appealed to the townfolks. They say of him that his conduct has been irreproachable under difficult and trying circumstances.

After the election in Greece, Constantine's manner perceptibly changed. He had his head a little higher and his eyes had more light in them. And, too, the hotel attaches bowed a little lower when the exiled king and his family passed. But little Catherine who is the "God child of the Greek army," went on playing happily around the hotel oblivious to what was happening.

LARGEST COTTON CROP IN YEARS

(By The Associated Press) WASHINGTON, Dec. 13.—The cotton crop which began the season in worst condition in fifty years has turned out to be the biggest crop since 1914 with a production of 12,987,000 bales, according to final estimates announced today by the department of agriculture. The lateness of winter the department said has helped to increase the size of the crop by permitting the plant which was late in getting started to mature.

The price of cotton paid to producers December 1 was announced as 14 cents a pound the lowest for that date since 1915. The final production estimate is 1,500,000 bales more than forecast for the condition of the crop late in June. Vast improvement was shown as the season progressed and the August condition brought a forecast of 12,763,000 bales. That was reduced by the September condition to 12,123,000 bales.

HAVANA MAN FOUND NOT GUILTY

BLOOMINGTON, Ill., Dec. 13.—A verdict of "not guilty" was returned tonight at Havana in Mason county by the jury which had been trying the case of the People against Ernest Adams on a charge of murdering Mr. and Mrs. John P. Becker on the night of December 16, 1916.

The jury was out one hour. The verdict will also result in the clearing of Frank Allen, who was charged with Adams of having participated in the murder. The case has been on trial for two weeks.

SHOW OPERATING INCOME FOR TWELVE PRINCIPAL R. R.

Shows Increase Over Income for September

FEEL EFFECT OF NEW RATES

WASHINGTON, Dec. 13.—The operating income of all except twelve of the principal railroads of the country in October was \$82,947,374, according to a statement issued today by the interstate commerce commission. This compared with a net operating income of \$79,874,955 for the month of September. October was the first month in which the carriers felt the full force of the increased interstate freight and passenger tariffs granted in August as a large amount of income received in September was on business originating before the new rates became effective.

Operating revenues in October totaled \$617,619,960, as compared with \$489,305,426 in October the year before. Operating expenses increased more than \$100,000,000 the total for last October being \$506,846,380, while in October, 1919 it was \$390,602,565. For the ten months ending with October, the reporting roads showed a net operating deficit of \$6,250,610, while during the corresponding period of the year before their net operating income was \$452,395,906. Much of the difference was represented in increased wages granted the employees by the United States railroad labor board.

NEW ENGLAND TEXTILE MILLS REDUCE WAGES

300,000 Workers Will Have Their Pay Rolls Cut 22 1-2 Percent—Notices Posted In Many Centers Of The Industry In The East.

(By The Associated Press) Boston, Dec. 13.—A reduction of about 22 1-2 percent in the wages of approximately one third of the 300,000 textile workers in New England was announced today. The notices were posted in Lawrence, Lowell, New Bedford and other centers of industry in Maine and Rhode Island. For the most part they applied to Mills making cotton goods, but in a few instances operatives on worsteds were involved.

Other cotton manufacturers have indicated that they would fall into line with whether the woolen and worsted mills will take similar action at this time is uncertain.

William M. Wood, president of the American Woolen company, said he had no word to add to his statement of several days ago, that the directors of that company which operates fifty mills have not as yet considered the matter.

The reduction which is made effective in most places next Monday, in effect cancels two increases made during the last year and restores prices approximately to the figures that obtained before a 12 1-2 percent increase last December. The manufacturers of Lowell announced that the average wage of the mill workers under the new schedule will be \$21 a week.

The question of reducing wages in the extensive cotton mills at Fall River is under negotiation by manufacturers and labor leaders. Most of the centers of the industry in this section were represented in the announcement of today.

SELLING WHEAT TO PAY TAXES

(By The Associated Press) Kansas City, Mo., Dec. 13.—Only enough wheat is being sold in Kansas to take care of the farm taxes, according to a statement in the weekly report of the state board of agriculture issued today. The statement is not amplified in the report, which adds that livestock shipments are few and that feeders are suffering heavy losses.

LONDON, Dec. 14.—The Daily Mail says prominently in its second edition this morning that telephone communication between England and Dublin closed early this morning. The London officials said they were unable to communicate beyond Belfast. The Belfast post office reported that it was unable to get thru to Dublin.

CORK, Dec. 13.—Late today a notice was received for publication by Echo saying that if a young member of the editorial staff of the Cork Constitution, named Morgan, who was kidnapped several weeks ago is not returned by 4 o'clock Tuesday afternoon for Sinn Feiners will be shot in their beds. The notice which was signed "Black and Tans" concluded with the words "rebels, beware!"

WAR FINANCE CORPORATION TO BE REVIVED

Senate Passes Resolution Directing This Move

AMENDMENTS ARE TURNED DOWN

WASHINGTON, Dec. 13.—The senate late today passed the agriculture committee resolution directing the revival of the war finance corporation as a measure of affording relief to farmers.

The second section of the resolution, which as introduced would have directed the extension of liberal credits to farmers by the federal reserve system, was amended to make the desirability of such a course only an expression of opinion of the congress. The amendment making the change in the section of the resolution relating to the federal reserve system, was proposed by Senator Norris, Republican, Nebraska and was accepted by a vote of 47 to 16.

Another change made in the resolution on suggestion of Senator Smith, Democrat, Georgia, broadened the duties of the finance corporation to include the financing of exportation of products other than those produced on the farm. Amendments submitted by Senator Harris, Democrat, Georgia, to make the rate of discount on loans to farmers five per cent and by Senator McKellar, Democrat, Tennessee, to make cotton factories' paper eligible for discount, were rejected by overwhelming votes. A substitute for the resolution presented by Senator Spencer, Republican, Missouri, met a similar fate. Final action on the resolution was without a record vote. The measure now goes to the house where a number of similar farmer relief measures are pending.

GOVERNMENT REPORT OF COTTON CROP

(By The Associated Press) NEW YORK, Dec. 13.—The government report estimate reporting this year's cotton crop at 12,987,000 bales was followed by a sharp decline in the cotton market here today.

The official figures which estimated the yield of lint cotton in bales of 50 pounds gross weight, were 400,000 bales in excess of the average of private estimates recently issued and pointed to the largest crop of cotton harvested since the big crop of 1914, when the yield amounted to 16,135,000 bales.

Selling was general after the publication of these figures with January contracts declining to 14.95 and closing at that figure, compared with 15.82 at the close of Saturday.

DECATUR REPUBLICAN CLUB INCORPORATED

(By The Associated Press) SPRINGFIELD, Ill., Dec. 13.—The Macon County Republican club of Decatur, was incorporated here today "to promote the true tenets of the Republican party as enunciated by Lincoln, Grant and Roosevelt."

The Isaac Walker Hardware company of Peoria was authorized to increase its capital stock from \$100,000 to \$400,000.

BRITISH EMBASSY CHARGED WITH CONTEMPT

Washington, Dec. 13.—Charging that the state department had been placed in a position of contempt by the refusal of the British embassy to give passports issued by the American citizens desiring to go abroad to present the Irish question Representative Sherwood, Ohio, introduced a resolution in the house today proposing an investigation by an international commission of "reports of violence and terrorism in Ireland."

BUILDING PROGRAM OF THREE YEARS IS RECOMMENDED

Says Nation Must be Prepared to Defend Its Rights

WOULD APPROVE BOARD'S FINDINGS

(By The Associated Press) WASHINGTON, Dec. 13.—Proposing a new three year building program of 88 ships, the general board of the navy in its annual report made public tonight reiterated its recommendation that the American navy be made the equal of any other nation in the world.

"No other nation can in reason take exception to such a position," the board said, "inasmuch as it is the United States threatening no other nation by the mere act of placing itself on an equality with the strongest. It is an act of self-defense which all will acknowledge as the inherent right and cannot justly be construed as a challenge. On the contrary the pursuance of such a policy of equal armaments may well tend to diminish their growth and would certainly work to lessen the danger of sudden war."

"A nation with far reaching and sometimes conflicting international interests must always be prepared to defend its rights. Navies are peculiar in that if neglected they lose efficiency with startling rapidity. It is fallacious to argue that we can wait a few years and then with our money and our constructive genius raise ours quickly to a power commensurate with our national needs. It cannot be done. Navies are not built in a day; it is a matter of years even of generations."

Makes No Recommendations.

While making no recommendations for new construction this year, Secretary Daniels in his annual report made public yesterday said he would approve the general board's recommendations unless the United States became a member of the league of nations or some similar association of nations.

In view of the economic situation the board said construction should be confined to types that would add only to the combatant strength of the fleets adding that auxiliaries might be obtained thru the conversion of merchant vessels in time of emergency.

In recommending the laying down of a battleship in each of the fiscal years 1922, 1923 and 1924 the board asserted that nothing that occurred during the world war has served to change the opinion of the general board as to the vital importance in war of the battle ship, the ship that can at once give and take heavy blows.

One battle cruiser and 20 light cruisers also were proposed. If he latter the board said should be of 1,000 tons with high speed, long cruising radius and comparatively heavy armament, placing them in a distinctly superior class to the light cruiser of other nations. Other new vessel proposed were eight gunboats; eighteen destroyer leaders, 12 long radius mine laying submarines, and six cruising submarines, four airplane carriers and three destroyer and three submarine tenders.

Should congress disapprove the three year building program the board urged authorization of one battleship and one battle cruiser with other small craft in 1922.

IDAHO MINES TO REDUCE WAGES

(By The Associated Press) SPOKANE, Wn., Dec. 13.—Wage reduction of \$1 a day have been announced by all the mines in the Coeur d'Alene district of northern Idaho except the Bunker Hill and Sullivan, effective January 1, according to information received by local employment offices today. The Bunker Hill and Sullivan, it was announced a 50 cent reduction.

The new wage scale for all miners in the district will be \$4.75 a day for miners and muckers; it was stated, the Bunker Hill and Sullivan having been paying \$5.25 as against 5.50 at other mines.

MILWAUKEE BAKERS MAKE GOOD PROFITS

MILWAUKEE, WIS., Dec. 13.—The three largest bakeries here will make a profit in 1920 amounting to approximately 39.33 and 19.5 percent upon their respective investments according to a report made by the state marketing commission today.

He said these earnings were from flour was purchased at high prices and that with the purchase of flour at current prices bread can be decreased in price. A reduction of one cent a loaf took effect in the city today.

SUPREME COURT ANNOUNCED A RETREAT

Washington, Dec. 13.—The supreme court today announced a retreat from November 20 to January 3.

HOUSE VOTES TO REPEAL MOST OF WAR TIME LAWS

Unanimous Vote on Resolution Presented

NOW GOES TO THE SENATE

(By The Associated Press) WASHINGTON, Dec. 13.—Repeal of most of the wartime laws was voted today by the house which adopted the Volstead resolution for that purpose after two hours of debate.

The vote on adoption of the resolution was unanimous, 223 votes being recorded as favoring it, with none opposed. The house, before taking the final vote accepted an amendment providing for inclusion of the Lever food control act among the laws which the resolution would repeal.

The amendment which covers all provisions of the food control act with the exception of the section relating to rents in the District of Columbia was offered by Representative Bland, Republican of Indiana. It was carried by a vote of 179 to 129.

Goes to Senate.

The resolution which now goes to the senate exempts from repeal only the trading with the enemy act, the war finance corporation act and its amendment and measures dealing with the issuance of liberty and victory bonds.

The resolution declares "any act of congress that by its terms is in force only during the existence of a state of war and a limited time thereafter shall be construed and administered as if the present war terminated on the date when this resolution becomes effective."

The measure, as adopted is practically identical with that passed by congress just before the adjournment of the last session and vetoed by President Wilson.

Republican leaders of the house asserted tonight that adoption of the resolution was one of the first steps taken by the Republican majority to fulfill the campaign pledge to put the country on a peace time basis.

Disposition of the Volstead resolution clears the way for consideration of the resolution offered by Representative Reavis, Republican of Nebraska, which would provide for a congressional survey of the government's administrative departments.

MILITARY WILL INVESTIGATE FIRES IN CORK

Men Who Accuse Crown Forces to be Summoned

NO EVIDENCE OF LOSS OF LIFE

(By The Associated Press) LONDON, Dec. 13.—As a result of direct charges that the crown forces were committing various atrocities in Ireland, the lord mayor of Cork, with the Irish commoners Roch and J. J. Walsh will be summoned before the military board investigating the fires in Cork Saturday night.

The charges were brought before the house of commons tonight by Commander Joseph M. Kenworthy who demanded that an impartial tribunal be set up to give an unprejudiced report of what happened. Commander Kenworthy said his information came in a message from the lord mayor and Messrs. Roach and Walsh.

The message was not read by Commander Kenworthy, but when Sir Hamer Greenwood, chief secretary for Ireland rose to defend the government's position, he requested the message from Kenworthy which the secretary read to the house. It charged that women were held up and robbed in the streets and that citizens were publicly whipped and shot, and "it was believed in some instances burned alive in their houses."

The chief secretary said he would wire the military authorities at Cork tonight to summon the authors of the messages before him. An inquiry was started today which would be completed tomorrow. Referring to fires generally Sir Hamer said he would put the loss of life above loss of property.

He was glad to say there was no evidence of loss of life in Cork Saturday night except one woman who was shot while looting.

KANKAKEE BRICK COMPANY CLOSES

Kankakee, Ill., Dec. 13.—The Kankakee Tile & Brick company today announced the closing of two plants, one on December 16 and the other on December 23. A scarcity of orders is said to be given as the reason. About two hundred men are employed in the plant. The company announced however, the payment of a bonus amounting to \$6,000 to the men.

CARRIERS CLAIM BIG LOSSES IN R.R. RATE HEARING

Say Failure to Advance Rates Cost Roads Millions

DIFFERENT RATES IN ILLINOIS

(By The Associated Press) WASHINGTON, Dec. 13.—Failure of the state railway commissions in Utah and in Illinois to advance passenger and freight rate in interstate commerce to the level recently authorized carriers in interstate commerce has already cost the railroads of Utah \$2,000,000 and those in Illinois \$1,000,000, the interstate commerce commission was told today by the carriers of the two states.

Representatives of the state commissions and of the railroads in both states, argued before the commission to day at its opening hearing in investigation of the conflicting rates situation which exists in several states. The cases of Florida and Nebraska are scheduled for hearing tomorrow and will be followed by those of Indiana, Ohio and Michigan.

Representatives of business and civic interests in Utah, told the commission that the new passenger rate of 3.6 cents per mile, if enforced in interstate commerce would tend to harm the general public.

They added that if freight rates were increased to the interstate maximum many mines would be confronted with bankruptcy.

Tells Of Different Rates

Judge R. V. Felton counsel for the railroads in the Illinois case, said that the Illinois state commission had granted a freight increase of only 33 1-3 percent in response to the recent order of the commission whereas rates granted carriers from the south represent an increase of 25 percent, from the west an increase of 35 percent and from the east 30 percent.

This meant, he added, that three different freight rates existed in Illinois as carriers from all points converged there. The loss to the carriers under the one third increase within the state limits, he said had already amounted to \$4,000,000 and if the rates were raised to a 35 percent increase the loss would amount to \$3,000,000 to date.

M. T. Culver, counsel for the Illinois commission said the state had endeavored to avoid such discriminations as counsel for the carriers had attempted to show existed. He added that the commission believes the existing freight changes in Illinois to be justified.

H. M. Slater, rate expert for the Illinois commission charged that figures submitted by counsel for the Illinois railroads were inaccurate claiming that in one page of thirty seven figures he had found twenty-two errors. He attacked the carriers for not telling the whole case.

SELLING ATTAINS WIDER DIMENSIONS

Stock Market Resumes Liquidating Movement—Conditions Still Discouraging.

(By The Associated Press) New York, Dec. 13.—The final fortnight of the year in the stock market opened with the resumption of the protracted liquidating movement. Selling attained wider dimensions and was of more persistent character than in any recent period.

All developments over the week-end with the possible exception of the stronger showing made by the local federal reserve bank, were discouraging, especially in their relation to foreign and domestic trade and industrial conditions.

Rails of the investment and speculative groups fell one to three points, oils two to six and shippings, steels, equipment, copper and sundry specialties lost two to five points.

Estimated sales of 1,300,000 shares represented one of the most active days of the year.

Mr. Vanderlip has returned from Siberia with stories of concessions of a few million acres and business contracts which can be made to run to \$4,000,000. Somehow we would have more confidence in the big proposition if the sponsor were that other Mr. Vanderlip, long prominent in New York financial circles.

Some of the big newspapers are wasting a lot of space protesting against the blue law proposals that an association down at Washington is said to be fostering. Why worry about these things? Congress is just about as apt to pass a law prohibiting automobile riding and sports on Sunday as it is to pass a measure providing for the

destruction of the capitol building. Senator Kenyon's proposal that a government department of social welfare shall be created is quite in line with public sentiment and the greater emphasis that is being laid on such work these days. If the measure creating the law is adopted, public health work and the hygiene laboratory will be transferred to the department from the treasury department.

Just why health work should be associated with the treasury is difficult to understand. One hardly knows what to do these days in the matter of economy. Some experts who study the situation declare that economy and frugality are really essential if people are to get thru the coming months with the minimum of business disaster. Other equally qualified experts warn that there must not be too rigid economy. These men say that good business demands that something like normal purchases be made in order to bridge over the unsettled time. You can take your choice in this matter of advice.

The Brotherhood of Locomotive Engineers has abandoned the management of three grocery stores in St. Louis because the stores were not paying. The Brotherhood frankly admits that it does not understand this business.

ness. The fact is, a business if any size requires experienced men, and it is a fallacy to think otherwise. Co-operative business enterprises are well worth while only as they are operated and managed on first class business principles.

Evidently the suits which Mayor Thompson filed two months ago against the Daily News and the Tribune for alleged damage to the city's credit by one publication of malicious stories were not merely for campaign purposes. The suits, it seems, are to come to trial and some interesting developments can be expected. The Tribune admits that the Chicago mayor now controls practically everything in Chicago and Cook county except the aforesaid papers—to say nothing about his down state influence.

The near civil war which is just now causing so much suffering in Ireland is serious enough to be a matter of world concern, but it can be borne in mind that it is not a new situation, just more acute. A Jacksonville man was reading a book on Ireland's history the other day, a book published in 1839, when he ran across this reference: "Fighting unceasingly for reconciliation and hating each other for the love of God." That peculiarly worded statement no doubt applied when it was written eighty years ago and is still descriptive.

WOULD CHECK IMMIGRATION.

In preparation for the work ahead of the House Immigration Committee, Congressman Harold Knutson of Minnesota has recently spent three months in Europe studying the immigration problem at its source, and has just returned to Washington from a trip of inspection of the Ellis Island station at New York, where over 80 per cent of the immigrants enter the country.

Mr. Knutson charges that governmental and private agencies in southern Europe are facilitating the transportation of radicals to our shores, and that undesirable are arriving in such numbers as to prove a menace to the country. The congressman is urging that a ban be put on all immigration for a period of two years. "Rigid legislation," declares Mr. Knutson, "must be enacted at this session of Congress to keep out all aliens except possibly blood relatives of persons already naturalized who are able to pass a high qualification test."

Rippling Rhymes
By Walt Mason

December.
December winds are blowing, and wearily I'm going down to the waiting place; the wintry clouds are flying, the old gray year is dying, it finishes its race. The old white year is falling and bitter winds are wailing its dirges as they pass; the fact they keep repeating amid the frenzied sleeting that years, like flesh, are grass. Each year, when a beginner, is sure to be a winner that truth is understood; and all the bells are ringing and all the choirs are singing their prophecies of good. The new year seems a treasure, with promises of pleasure and happiness we've lost; but when with age it totters, we sweat it with our sweaters, and say it was a frost. And now in December but few of us remember how good the new year seemed, its guarantees thrilling, its promises the fulfilling of all the dreams we dreamed. December always sees us so tired that naught will please us except a brand new year, wherein to try fresh measures for profits and for pleasures, to spend and profiteer. Old year, so sad and sickly, get out and do it quickly—you've hung around too long! Old jaws are always cracking and misty maxims speaking; we like the young and strong!

SURGEONS ARE TO MEET IN PEORIA

American College in State Session Will Have Program Running Thru Three Days—One Public Library Meeting.

The Illinois section of the clinical congress of the American College of Surgeons will meet in Peoria Thursday, Friday and Saturday of this week. The members of the executive committee who have arranged for this meeting are Dr. Carl E. Black, chairman; Dr. O. L. Pelton, counselor, and Charles E. Kahlke, secretary.

This is a new plan that the American College of Surgeons is carrying out in holding state sectional meetings. It will be noted that scientific meetings will occupy all of Thursday and that there will be surgical clinics and a scientific meeting during the day Friday, with a public meeting in the evening. Scientific meetings will be resumed Saturday.

At the Saturday evening scientific session Dr. F. A. Norris of this city will lead in the discussion of "The Treatment of Non-Septic Cases of Abortion."

The public meeting which is to be held at the Central Christian church is entirely an innovation, the purpose being to give the public a better understanding of what surgery is and purposes. Dr. Black will preside at this meeting. The first address will be by Franklin H. Martin, M. D., secretary general of the American College of Surgeons, and a member of the advisory commission of the Council of National Defense.

"How the Layman Can Assist the Surgeon," will be the theme of Dr. John B. Deaver, of Philadelphia, who is president-elect of the American College of Surgeons, and Dr. John R. Barton, professor of surgery at the University of Pennsylvania medical school. There will also be addresses by Dr. Frederick Besley of Chicago, John G. Bowman, Chicago and Rev. Casper W. Hlatt.

MATRIMONIAL

Mohn-Mansfield
Ward was received here today of the marriage of Miss Letta Mansfield, a daughter of Mrs. Laura Mansfield, of North Main street, and Geyermond Mohn of Minneapolis, Minn. The couple will probably come to this city for a visit before going north.

The bride was employed for ten years in the office of Bart's laundry. For the last six months she has been timekeeper at Capp's factory.

Fry-Hubbs.

At a pretty home wedding on Saturday, Dec. 11th, high noon, Miss Emily Hubbs and Floyd Shaffer Fry of Petersburg were united in marriage at the home of the bride's parents, Mr. and Mrs. J. H. Hubbs, at Prentice. The ceremony was performed by Rev. Sidney Blair Harry of Central Presbyterian church at Petersburg. The impressive ring ceremony being used. (Lohengrin's wedding march was played by Miss Marie Wiswell of Jacksonville, a cousin of the bride. Decorations were pink roses, smilax and chrysanthemums. The bride wore a dainty Rosemary gown of golden brown lace over satin, and carried pink roses. Her going away gown being of dark blue duvetyn. The only attendant of the bride was Miss Louise Thompson of Petersburg, who was a room mate of Miss Hubbs at the Illinois Women's College, where she was a student for several years.

Mr. Fry is the son of Mr. and Mrs. Charles Fry of Petersburg, a graduate of the Petersburg high school and later a student at the University of Chicago and member of the Sigma Alpha Epsilon fraternity. He was a member of Co. C, 33rd Division, and served one year of his enlistment in France. The groomsmen were Mr. William Levinger of Petersburg, a fraternity brother and roommate of the groom at the University of Chicago.

Following the ceremony a four course luncheon was served, after which the young couple left by way of Springfield for Chicago.

EAST STATE STREET
PAVEMENT FINISHED

Work Accepted By City Monday
Contractor Offers Discount to Property Owners for Cash Payment—Some Rebate Due.

In order to make certain of finishing the East State street job before bad weather interfered, Contractor Williams kept his force of men busy Sunday. The result was that by 3:30 in the afternoon the last brick had been laid and the filler applied. The people who have examined his payment critically believe that the contractor has done an excellent piece of work under the supervision of George Wiseman, the inspector.

The board of local improvement met yesterday afternoon and approved the pavement. The only remaining step is for the matter to be presented to the county court for final adoption. The cost of the work is as follows:

6,570.3 square yards brick on 5 inch concrete base \$27,923.77.
6,570.3 square yards removing old brick and preparing sub-base \$1,971.09.

3,484 lineal feet of curb and gutter \$4.35.

3,484 lineal feet of old curb removed, \$696.

Cast iron inlets, \$64.

This makes a total of \$35,604.36.

City Engineer Henderson said last night that the total expense for the work is \$1,000 less than the estimate and that it will therefore be possible to rebate each property holder 30c per lineal foot. Contractor Williams will remain in the city for about a week closing up all affairs relating to the contract and arranging for the shipment of materials.

As quite frequently happens with public improvement bonds it will be necessary for the contractor to sell these bonds at \$94 which is \$6 below par. Mr. Williams said last night that he will be very glad to give any property holder the benefit of this fact if the property holder so desires. This means that any property owner who wishes to pay his assessment to the city treasurer now can receive a rebate equal to 6 per cent of the entire amount of his assessment. The contractor does not make this offer because of special benefit to himself, because the amount he realizes will be the same in either case, whether he sells the bonds at 6 per cent below par or grants 6 per cent reduction to property owners. Any person who wishes to take advantage of this situation can find Mr. Williams at the Pacific hotel.

PUBLIC SALE

On Saturday Dec. 18 1 p. m., all of the furniture, household goods and other personal estate of the late Hannah K. Phillips will be sold at public auction at the residence, corner of Diamond and Grove streets.

O'CONNELL CASE
AGAIN DELAYED;
WITNESSES SICK

Alleged Slayer of Elwood Lent Will Not Be Tried Until February Term of Court.

Timothy O'Connell, charged with the murder of Elwood Lent in Brown county, three years ago, did not go on trial Monday in the circuit court here, contrary to expectations. O'Connell's attorneys secured a continuance on the trial until the February term of court, introducing affidavits as to the illness of two witnesses of the defense.

The continuance of the case did not come easily, as a delay was bitterly fought by prosecuting attorneys. They contended that inability of the two witnesses to be in court should not stand in the way of the trial of O'Connell. But Judge E. S. Smith weighed the arguments of the two factions and allowed the case to slide to the next term.

Following some brief preliminary business, which court convened at 9:30 o'clock in the morning the fight for a delay in the trial begun. Attorneys Deitrick and Hartzell, for O'Connell, asked for a resetting of the case. This immediately raised a protest from State's Attorney Carl E. Robinson, State's Attorney O. T. Briggs of Brown county and John E. Wall, special prosecuting attorney.

Contending that two witnesses were ill and not able to be in court to testify, the attorneys for the defense urged that the case be reset for some time later in the present term. They were asked by the court to furnish proof of the witnesses' inability to be there, and given 30 minutes in which to do this. Considering this too short a time, O'Connell's attorneys asked for an hour in which they could secure affidavits. Before the adjournment of court at noon they had asked for a continuance, such moves at all times being critically believed by representatives of the state.

As the afternoon session started, affidavits as to the illness of Bert Molton of near Mt. Sterling and Marie O'Connell, a daughter of the accused man, were introduced and inspected by the court and other attorneys. Judge Smith then granted a continuance.

The O'Connell case has been continued a number of times since it was venued here from Brown county in 1918. It was tried during the December term of last year, but the jury failed to reach a verdict. Russell Higgins, colored, who was found guilty of grand larceny, has been paroled, furnishing bond of \$300.

"Don't Come Home Without My Dreco"

This Lady Had Gastritis, Was Constipated, Bilious, Couldn't Sleep, Back and Limbs Ached. Dreco Gave Relief.

"My wife gave me strick injections not to come home without her Dreco," said Mr. A. J. Frazier, who is electrician at Fowler Bros. plant and lives at 1206 N. Mound St., Centralia, Ill.

"She has been suffering with her stomach for some time; after every meal she would bloat up with gas and have pains. Her liver was lazy and didn't do what it would so her system was filled with excess bile, which causes her to get so dizzy she could hardly keep on her feet. She suffered so that she was just a bunch of nerves and got very little sleep."

"If you'll believe me, she hadn't been taking Dreco more than a week before she was entirely rid of the gas, had no more dizzy spells, bowels were regulated, her nerves were quiet and all the ache and stiffness left her limbs and back. She can run up and down stairs like a girl, can stoop and bend at will and says she is going to keep on taking Dreco so her good health will be firmly established. I surely am glad to have her well again and feel very grateful to Dreco for restoring her to health."

All druggists now sell Dreco and it is being especially introduced in Jacksonville by Coover Drug Co., and J. P. Shreve.

HAD TERRIBLE COUGH IN BED 3 YEARS

In 3 weeks she was out on the streets again, feeling fine.

"In 1916, I had a gripe, followed by pneumonia which left me with a severe cough. I coughed constantly from morning till night and then would wake up in the night and cough and choke. I lost flesh and my appetite was very poor. I doctored with a specialist for over a year, and had several other doctors, but got worse instead of better. Last winter I was bed-ridden, had chills and fever and got so weak I could not sit up in bed 5 minutes without fainting."

"In February, 1919, I started on Milk's Emulsion. I was then in bed, but in 3 weeks, I was able to lie up and on the streets. Just think of it! For 3 years I have been a physical wreck, in bed most of the time, and Milk's Emulsion has brought me out in wonderful shape. My friends all tell me how well I'm looking, for they didn't expect me to be living today."

Miss M. Rousseff, 1008 Opelousas St., Algiers, La.

In thousands of just such cases, Milk's Emulsion has brought the same wonderful relief and improvement. It costs nothing to try.
 Milk's Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, promotes appetite and puts the digestive organs in shape to assimilate food. It helps build up flesh and strength, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are speedily relieved.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream.
 No matter how severe your case, you are urged to try Milk's Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 75c and \$1.50 per bottle. The Milk's Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.

Select which ever style is best suited to your needs and you can be sure it will give the utmost satisfaction. They are all Victrolas, made complete in the Victor factories--the largest plant in the world devoted to the manufacture of a musical instrument.

Victrolas differ essentially from all other sound-reproducing instruments. They are built for the express purpose of playing the world's best music exactly as interpreted by the greatest artists who have naturally chosen the Victor as the medium to record and reproduce their art. The Victor changeable stylus and the modifying doors enable you to adopt the volume of tone to the acoustic requirements of any room, but no compromise is permitted, and on the Victrola no distortion is possible.

These are only two of the many Victor patented features in every Victrola, and the more than twenty years research and experience in the art of sound reproduction are your guarantee of absolute satisfaction.

To be sure you get Victor products, look for our famous trademark "His Master's Voice"—under the lid of all instruments, on the labels of all records.

SPRINGFIELD SEEKS TO BUY POWER PLANT

Negotiating To Buy Plant of Springfield Gas & Electric Co.—Wide Difference Concerning Valuation.

Springfield, Ill., Dec. 11.—Following announcement by officials of the Springfield Gas & Electric Co., here that the municipality owned electric plant of the city is too keen a competitor, city officials are negotiating to buy out the privately owned plant.

Officials on both sides differ widely concerning the valuation of the Springfield Gas & Electric Co.'s plant, city officials valuing it at approximately \$1,000,000 and the private owners fixing the valuation at \$2,500,000.

The plan of finance whereby this city will purchase the private plant practically has been agreed upon according to Commissioner Willis Spaulding, of the public property department, provided an agreement as to valuation can be agreed upon. It has been suggested that this latter matter be left to a board of arbitrators composed of three engineers only to be selected by the city, one by the officials of the plant and one and one to be agreed by both.

Springfield's municipal electric plant was first operated in 1916. It has thrived, city officials say, the reports showing that about one-third of the net receipts are profit. A short time ago, officials of the private plant announced that unless the city cease operation of its plant, it would not seek a new franchise. It was then officials of the local Chamber of Commerce and city officials began to barter for terms of purchase.

FAME'S NEAR GIRARD PLAN MOB HUNT

Girard, Ill.—A final effort to exterminate a pack of wolves that have been ravaging flocks and killing sheep and cattle in the neighborhood of Boston Chapel, three miles east of here, is to be made by farmers of the region tomorrow morning. About fifty farmers have agreed to take part in the hunt.

A small band of farmers that was out a short time ago succeeded in killing one animal, three escaping after being seen. As many as seven wolves have been seen in a single pack by residents near here and signs of their rightly foraging are found daily on the farms.

Those who succeed in killing a wolf tomorrow will be given the bounty offered by the county as well as a prize.

PRINTING OF TYPOGRAPHICAL MAPS DIFFICULT

Urbana, Ill.—Only one printer in the United States has been found who can successfully print topographical survey maps prepared by the State Agricultural college here, according to Dean Eugene Davenport. The maps show in various colors, the kind of land on every farm in the state and what the soil is best fitted for. There being several hundred varieties of soil, it is necessary, says Dean Davenport, to use a wide variety of colors on the maps.

Up to the time this printer has discovered in a small city in Massachusetts, who treated the paper in the proper temperature to prevent fading, officials of the agricultural college say they found their maps useless a few weeks after they were printed, because the colors would fade and blend.

New York, Dec. 13.—Charged with the larceny of a gold casket, valued at \$10,000, from Charles M. Schwab, steel magnate, George Williams, and Elmer Dietrickson, a farmer employe in the Schwab home, were arrested tonight. The casket was a gift to Mr. Schwab by the city of Baltimore.

FACTS ABOUT STATE'S GOVERNORS RECALLED

Small Will Be Third Governor Born In Illinois—Cook County Takes Lead in Supplying Governors to State.

Springfield, Ill.—A review of records at the state capital shows that Governor-elect Len Small of Kankakee, who will be inaugurated Jan. 10, will be Illinois' 26th governor. History of the state since its admission to the Union in 1818 shows that Mr. Small will be the third governor born in Illinois. Governors Richard Yates, Jr., and Charles S. Deneen were the only two of the other twenty-five who were native sons. Twenty-three other Illinois governors were born in the United States and one in a foreign country—Governor Altgeld in Prussia.

Cook county, the records show, takes the lead in supplying governors to Illinois, having furnished Governors Beveridge, Altgeld, Deneen and Dunne. Madison, McLean, St. Clair and Morgan counties have given two each.

Four Illinois governors have been re-elected—Oglesby, three times, and French, Cullom and Deneen twice each. The office has been vacant four times since the governorship was created in 1818, first when Governor Reynolds resigned in 1834 to to accept a seat in the House of Representatives at Washington; second when Governor Bissel died in 1860; third when Governor Oglesby resigned in 1873 to take a seat in the U. S. senate; and in 1883 when Governor Cullom resigned for the same reason. Consequently, four lieutenant-governors, have become executive head of the state—Ewing, Wood, Beveridge and Hamilton.

PILGRIM MEMORIAL DEDICATED SUNDAY

PEOPLE JOINED IN THREE IMPRESSIVE SERVICES

Addition to Congregational Church Recognized as a Community Asset — Former Pastors Took Part on Program.

The dedication services of the Pilgrim Memorial at the Congregational church were of an impressive kind. The dedication to religious education took place at the Sunday school hour, dedication to the worship of God at the regular morning service. In the afternoon came the dedication to Christian fellowship and Monday night the facts of community service were set forth. Sunday night a tercentenary service was held, with the address by

"The Sweetest Story Ever Told"

The sweetest story ever told music lovers is the story of the Brunswick Method of Reproduction. For it is the story of true music.

The Method of Reproduction

The Brunswick Method of Reproduction is the right application of fundamental musical and acoustical laws. It consists of two simple, yet exclusive, Brunswick features now widely known—the Ultona and the Tone Amplifier. Together they operate as a unit.

The ULTONA—a scientific Brunswick creation—simple in structure and it-plays all records infinitely better.

With but a slight turn of the hand it presents the proper needle and diaphragm to any make record.

Brunswick

The TONE AMPLIFIER solved an old problem in acoustics. It is oval in shape and moulded of rare hollyhock. Like the sounding board of a fine piano it is built entirely of wood. It is absolutely free from metal.

By this method of projecting sound, tone waves are unrestricted and allowed to unfold into full rounded tones that are rich, mellow and, above all, natural.

You buy only one phonograph and you cannot afford to make a mistake. It costs you nothing to be sure. Come in and find out for yourself.

Always the Latest in Home Amusements

Rev. Ozora S. Davis, pastor of the Chicago Theological seminary.

At various times during the day Rev. W. E. Collins, pastor of the church, and members of the congregation found pleasure in having visitors inspect the various departments of the church addition. As has been stated before, this addition to the church, which has very appropriately been named the Pilgrim Memorial, is for the purposes of religious education. The addition does not comprise all the improvements made, for the auditorium has been redecorated, a new lighting system installed as well as a new steam heating plant.

The detailed program of each service has already appeared. Suffice it to say that the services throughout were of a kind to make the day memorable in the history of the church, which has thru so many years exerted its beneficial influence in this community.

At the morning service E. M. Spink, as chairman of the building committee, presented the keys to the addition to Dr. Carl E. Black, chairman of the board of trustees. These laymen were in the pulpit with the pastor of the church, Dr. F. S. Hayden and

Dr. O. Post, former pastors and Dr. James A. Richards of Winnetka, who preached the dedication sermon.

The Marks of Service.
Dr. Richards found the text for his impressive discourse in the 17th verse of the 6th chapter of Galatians: "From henceforth let no man trouble me, for I bear in my body the marks of the Lord Jesus Christ." The thought was that the men and women whose lives are really worth while bear upon them the marks of service. Turning from the individual, the minister said that the church which is active in good works bears upon it the distinctive marks of Christian service. "Such a church is first of all a following church, seeking to follow in the footsteps of the Master and to do service to mankind as He would have it done. A church is a composite group of mankind and not merely a museum of saints." Then he said that a following church would of necessity be a serving church. "The church seeks to build for itself alone. Its offering should be for the community and to the community. As the church so recognizes its place there will be less of petty sectarian differences."

"The third word used to describe the church was 'seeking' and Dr. Richards said that he a Christian church it must be a missionary organization. The church must bear the marks of the Christian purpose and have the vision of service not only to its membership but to those outside."

Then Dr. F. S. Hayden leading, the members of the church joined with him in the service of dedication. After the closing word, Dr. R. O. Post delivered the prayer of dedication, wherein with fervent petition he sought the blessings of God upon the larger field of usefulness that the

19 Eggs A Day From 23 Hens, In Winter

Mr. Duni's Hens Increased Every Day. Plan is Easily Tried.

"We have 23 chickens and hadn't had an egg all winter. In five days after feeding Don Sung, we got 4 to 5 eggs a day; in three weeks, we were getting 10 to 12 a day; in five weeks we got 15 to 19 a day."—John Duni, Box 102, Cherry Valley, Pa.

Mr. Duni started giving Don Sung in January, in zero weather. He now keeps his hens busy in winter when hens usually loaf. A trial costs nothing.

Give your hens Don Sung and watch results for one month. If you don't find that it pays for itself and pays you a good profit besides, simply tell us and your money will be cheerfully refunded. Don Sung (Chinese egg-laying) is a scientific tonic and conditioner. It is easily given in the feed, improves the hen's health and makes her stronger and more active. It tones up the egg-laying organs, and gets the eggs, no matter how cold or wet the weather.

You can obtain Don Sung in your druggist or poultry remedy dealer, or send \$1.04 (includes war tax) for a package by mail. Burrell-Dugger Co., 214 Columbia Bldg., Indianapolis, Ind.

church is now seeking to enter. Sunday Afternoon.

In the afternoon another large audience assembled. The musical numbers in addition to the addresses, gave interest to the program. Mrs. W. Barr Brown and Mrs. Helen Brown Read sang solos. The scripture lesson was read by Dr. F. M. Rule and there were brief addresses by Rev. W. H. Marbach, pastor of State street church, and Rev. M. L. Pontius of Central Christian church.

Mr. Marbach said that in these days there is a genuine need for Christian unity, also it cannot be said that with unrest at home and abroad that this is especially an auspicious time. He said that while there are differences among the denominations which cannot be obliterated, they can unite in the one great objective in the purpose seen in the prayer, "thy kingdom come." He said there was more and more the desire and tendency to have the kingdom come upon earth as well as in heaven. The speaker said further that there can be unity in the one passion for Christian unity as the people of the churches march under one leader and with one objective.

Mr. Pontius, who also spoke briefly, took as his text "Other foundation can no man lay than that which is laid in Christ Jesus." The minister said that Jesus Christ is the greatest fact in history. He said that as we think of him we should remember that ideals must be more than visions. An ideal that amounts to anything is a fact united with an opportunity that Jesus Christ made possible. The minister made reference to the service possible the community thru the facilities which have added to the church.

The audience joined in singing "Blest be the Tie That Binds" and the benediction was by Rev. W. E. Collins.

At the night service again there was special music and the tercentenary address was delivered by Dr. O. S. Davis, president of Chicago Theological seminary. "The Living Church in the Modern City" was his theme and the minister made very clear the responsibilities and the opportunities that face the church today. The church with a full equipment it was a great sermon.

Monday Evening Service.
The dedication to community service took place in the assembly room of the Pilgrim Memorial at 7:30 o'clock Monday evening. Harry M. Capps, presided and greetings were extended by E. E. Crabtree as mayor of the city by H. A. Perrin, superintendent of schools, and Dr. C. H. Rammelkamp as president of Illinois college.

Miss Edna Sorrells gave a piano solo and Mr. Frank Collins a violin solo. Members of the Yavosi Camp Fire sang two camp fire songs and then the Boy Scouts of troop 6 gave an exhibition of Boy Scout work. The benediction was by Rev. W. E. Collins. Members of the company present took the opportunity to inspect the rooms of the addition to the church. The assembly room, the parlors, the class rooms designed for Camp Fire and Boy Scout activities are arranged in accordance with an admirable plan.

As has been several times indicated, it is the purpose of those most interested in the movement to carry out work among young people in a non-sectarian way.

In making his address Mayor Crabtree read a resolution adopted at the meeting of the city council Monday night, in which approval of the church program was expressed. The resolution was introduced by Alderman Cain and his motion of adoption was seconded by Ald. Morre. This resolution bore the signatures of T. A. Chapin, A. E. Williamson, Thomas Flynn, Michael McGinnis, C. F. Ehnie, George A. Moore and John D. Cain. It read as follows:

"The city council notes with interest the completion and dedication of the Pilgrim Memorial of the Congregational church. This enlargement of the church property is made in the interest of religious education and for the special uses of young people.

"So it is not a mere church enterprise, and in a sense will belong to the community. As such it becomes a community asset, for anything that is beneficial in strengthening the characters of the boys and girls who will become many years be the citizens of Jacksonville, is of distinct value to this city.

The city council therefore finds satisfaction in the knowledge that this memorial has been made possible, and believes that it will make a large contribution to those influences which are generally recognized as desirable."

OHIO STATE WILL BE STRONG NEXT YEAR

Loses Four Men of This Year's Team—Have Many Promising Substitutes.

By Associated Press.
COLUMBUS, O.—While four men will be lost from Ohio State's championship football team by graduation next spring, present indications point to as strong a team for next fall as the one that took the western conference title this season. The loss of Stinchcomb, Williamson, Nemeck and Wieche will be felt, but the splendid freshmen material available and a probably shifting of some of the veterans is counted upon to more than neutralize this effect.

One of the biggest holes on the line to be plugged next year is Nemeck's position at center. It is possible that Troit, who started the season at guard, and was later shifted to tackle when Spiers was hurt, will be used there. He is a shifty player, a veteran of two years and excellent on forward pass defense. Another possibility is Young, a freshman tackle. The latter is considered one of the most promising freshmen of recent years.

Several strong men loom up to contest for Wiech's place at guard. Most prominent among these is Long, who played a year at Notre Dame, and Petroff, a freshman tackle. "Tarzan" J. Taylor, this year's veteran will occupy the other guard position. At tackle Huffman, captain of this year's team and Spiers will be back, while at ends there will be available Myers, Slyker and N. Workman—all veterans. Huffman, Slyker and Myers will end their intercollegiate football careers next year.

In the backfield "Hoge" Workman, upon whom much of the honor of this year's championship rests, will be back at the pivot position with Don Wiper, a good understudy. At halves in addition to Bliss, Henderson, Cott, Doig and Blair there will be several first class freshmen to develop. Among these will be Johnny Stuart of Huntington, W. Va., captain of this year's freshman team who is said to come the nearest to filling Stinchcomb's shoes, and Boldt and Kennedy. Another possibility at half is Gustave Aschman, a letter man from the University of Pittsburgh.

It is possible that Henderson may be graduated next spring and there is a probability that Harry Bliss, will not return to school next fall. Henderson played two years at Oberlin before coming to Ohio State.

At fullback indications point toward the shifting of Blair from half to full. Blair has shown fine line bucking ability and defensive playing in the two games. He weighs 175 pounds. In addition, Charlie Taylor, who played practically the entire season for Williamson who was hurt, Weaver and Isabel—all veterans—will be eligible. Kurtzhalz from the freshman team is also considered good material.

BAMBOULA
A JAZZMAN OPERETTA

The Springfield Journal in its issue of Saturday had an extended notice of the recital given by Mrs. Grace Wood Jess in that city on Friday afternoon. The following is taken from the notice.

"Wonderfully beautiful and sweetly charming was the program of folk songs given at the high school auditorium yesterday afternoon. Completely captivating her audience, Mrs. Grace Wood Jess with Mrs. John Bretz at the piano, presented an entertainment artistically unique. Mrs. Jess, in her fascinating manner, sang four Kentucky mountain folk songs, gowning in a quaint dress formerly belonging to Mrs. Lincoln. With two of the tunes she played the accompaniment on a violin made for her by an old Kentucky mountaineer. It was an unusual looking instrument with three strings. These were followed by plantation melodies."

Mrs. Jess will give this program at Music Hall Illinois Woman's college Thursday evening December 16. Seats on sale at Brown's and J. Bart Johnson's music stores. Tickets \$1. Student tickets 50c.

TOWNSHIP TRUSTEES OF FARM BUREAU MEET

Trustees of townships Met Monday With Officers of Farm Bureau and County Agent Kendall—Various Matters Given Attention.

Township trustees of the Morgan county farm bureau met in Jacksonville Monday with the officers of the bureau and County Agent G. R. Kendall for the transaction of business. The township representatives present were:

Prentice—J. W. Graft
Sinclair—L. J. Steward
Markham—F. H. Jewsbury
Lynnville—F. R. Watson
Literberry—S. H. Crum
Alexander—J. A. Brown, C. E. Keenan

Waverly—W. H. Rohrer
Arnold—J. W. Arnold
Jacksonville—W. H. Crum, G. A. Leach, H. E. Kitcher, E. R. Hemmrough, L. A. Reed, Austin Patterson

The officers of the bureau chosen by the members at a recent meeting are:

President—C. S. Black
Vice-President—L. A. Reed
Secretary—H. E. Kitcher
Treasurer—J. W. Arnold

The officers, together with the following five, constitute the executive committee: C. L. Hawker, Franklin; O. A. Rohrer, Waverly; C. R. Gibson, Pisgah; C. H. Gibbs, Lynnville, and W. H. Crum, Jacksonville.

The gathering yesterday adopted a resolution approving the state constabulary bill. This action is in accord with that taken by the state association and by farm bureaus elsewhere in the state. Farmers seem to be of one mind in the belief that additional protection in the rural precincts is greatly needed and that a state constabulary or police bill will make this protection possible.

Endorsement was also given a resolution calling upon President Harding to appoint a real farmer as secretary of the department of agriculture. This movement originated with the McLean county farm bureau and is being widely endorsed. Several other matters relating to farm bureau affairs were discussed. Weather conditions were unfavorable for travel but most of the townships of the county were represented at the conference.

ANNUAL POULTRY SHOW IN FULL SWING TODAY

Practically all arrangements were completed yesterday for the opening of the annual Morgan county poultry show, which is to be held in the upper floor of the Auto Inn, beginning today. About 400 fowls have been entered for exhibition this year, and there will also be exhibited a large number of pet rabbits. The McNamara-Henaghan Co. was the first local firm to arrive with a complete line of various kinds of feeds and grains.

The show will be in full swing today, and the awarding of prizes will be in progress before night. The Auto Inn is an ideal place for such an exhibition, as it is spacious and well lighted.

SISTER OF MRS. RAYHILL PASSED AWAY SUNDAY
Mrs. J. H. Rayhill received a message Sunday afternoon telling of the death of her sister, Mrs. A. W. White, which occurred at the family home in Aurora, Neb., at 2:30 o'clock Sunday afternoon. Death came as the result of an attack of pneumonia and followed a very brief illness. The deceased was known to a number of Jacksonville people as she made an extended visit at the Rayhill home the past summer.

The duck dinner at the Lynnville M. E. church has been postponed until some later date.

JACK DEMPSEY IS READY FOR BRENNAN

Champion and Challenger Have Both Trained Hard for Bout—First Match for Heavyweight Title Since Jeffries-Corbett Go In 1900.

New York, Dec. 13.—Jack Dempsey, world's heavy weight boxing champion and Bill Brennan, challenger indulged in only light training today for their 15 round contest at Madison Square Garden tomorrow night. It will be the first bout in New York City in which the heavy weight title will be at stake by a decision if the bout goes the limit, since May 1900, when Jim Jeffries defeated his title by knocking out Jim Corbett at Coney Island.

Dempsey and Brennan have trained hard for the past five weeks. Today the champion went thru light calisthenic exercises while the challenger took a five mile road workout.

Altho a weight limit does not figure in the contest, the two boxers will weigh in at 2 o'clock tomorrow to conform with the state boxing regulations in the presence of the two judges who will pick the winner.

If the judges disagree, the referee decides the contest.

The ticket sale, it is estimated will net \$200,000. Dempsey is guaranteed \$100,000 and Brennan \$35,000. Most of the reserved seats costing up to \$25 have been taken and only the \$5 gallery seats have been held for sale tomorrow night.

An elaborate lighting system has been installed for the motion picture photography of the match.

The bride is said to have been completely deceived. It is alleged that she and her supposed husband were married three years ago in Sioux City, Mr. Church is charged with posing as a brother of the "groom."

CITY COUNCIL IN BRIEF SESSION

Body Met at 7 O'clock and Adjourned at 7:40 O'clock—Number of Matters are Given Attention.

The city council established a record Monday evening when it completed the regular session in forty minutes. However, despite the short meeting considerable routine business was transacted.

The board of local improvements reported that the East State street pavement had been completed. The council extended a vote of thanks to Mr. Williams for the excellence of his work and rapid manner in which it was carried out.

Attention was called by Superintendent of Streets White to the buckling of the wood plank pavement in several places and the clerk was instructed to notify J. E. Bretz the contractor to make the necessary repairs or the city would do the work and collect from his bondsmen.

Owing to the fact that Mayor Crabtree wished to take the evening train on the Vabash for Chicago the council convened at 7 o'clock. Roll call showed all members present except Ald. Ehne, Mayor Crabtree presiding. However, Ald. Ehne came in later and took his place in the council.

The minutes of the meetings of November 29 and Dec. 6 were read and approved.

A resolution ordering the treasurer to transfer \$4,731.93 from the municipal land interest fund to the general fund was read and adopted.

Insurance on Fire Truck.
A communication from Bracraft and King offering to insure the fire trucks for \$5,000 each liability insurance and \$1,000 for property insurance was read. The premium on the first named was \$48 per truck and for the last named \$40 per truck. The communication was referred to the fire committee with power to act.

Claims against the city were presented and those properly approved were ordered paid.

Ald. McGinnis called attention to complaints that surface water was causing trouble in North East street Monday morning. Superintendent of Streets White said the matter had been given attention.

The board of local improvements reported to the council the completion of the East State street pavement. The total cost was \$35,004.86. This is under the engineer's estimate and will give property owners a rebate of 20 cents per foot on the original estimate.

On motion of Ald. Flynn seconded by Ald. Moore the contractor for the pavement Mr. Williams was given a vote of thanks for the manner in which the pavement was constructed.

Adopt Resolution.

The following resolution was presented by Alderman Cain:

The city council notes with the completion and dedication of the Pilgrim Memorial of the Congregational church. This largeness of the church property is made in the interest of religious education and for the special uses of young people. So it is not a mere church enterprise, and in a sense will belong to the community. As such it becomes a community asset, for anything that it is beneficial in strengthening the character of boys and girls who will be here many years be the citizens of Jacksonville, is of distinct value to this city.

The city council therefore finds satisfaction in the knowledge that this memorial has been made possible and believes that it will make a large contribution of those influences which are generally recognized as desirable. The resolution was adopted on motion of Ald. Flynn. It was signed by all of the members of the city council and presented by Mayor Crabtree in his greetings from the city to the members of the church Monday evening.

Block Pavement Buckling.
Superintendents of Streets White spoke of buckling in the wood block pavement in front of the Howe laundry, in the rear of the Pacific hotel, in front of the Chaney boarding house and back of the county jail.

He also called attention to the bad condition of the cellar doors in front of the Dorwart property in North Main street.

The clerk was instructed to notify J. E. Bretz the contractor for the wood block pavement to make the necessary repairs where the pavement has buckled or the city would do the work and proceed against his bondsmen for the cost.

No further business appearing the council on motion adjourned.

REHEARSAL FOR CHRISTMAS CANTATA

For rehearsal Tuesday and Wednesday the 35 people who sang, "Once Upon a Time" and their songs in act one of the cantata are to meet with Mrs. E. D. Canatsey, 606 North Church street at 9 o'clock this afternoon and at 9:30 Wednesday morning.

These comprise ten 13 years old boys, ten 12 to 15 years old girls and fifteen choristers of first act. At Grace church this afternoon at 2 o'clock the beginners' department will meet with Miss Dorothy Cannon. At 4 o'clock the primary department will meet at the church.

Wednesday at 4 o'clock the Junior department will meet at the church. Request of the Music Committee.

WINCHESTER MAN WAS BURIED SATURDAY

Funeral of Late Charles Hankins Held at Methodist Church—Christmas Cantata Next Sunday Evening—Other Winchester News.

Winchester, Dec. 13.—The funeral of the late Charles Hankins was held at 2:30 o'clock Saturday afternoon at the Christian church, the pastor, Rev. Mr. Elmore, having charge of the service. Music was furnished by Mrs. Ada Lankford, Miss Olive Wells and the Misses Wilson and C. W. Smith. The floral offerings were especially beautiful and were in charge of Misses Lillian Walker, Emma Hamilton and Julia Hankins.

Interment was made in Winchester, the bearers being Frank Rice, George Entrikey, Charles McCauley, C. Wisdom, Thomas Hamilton, Douglas Campbell.

Among those from a distance who attended the funeral were Mr. and Mrs. Frank Rice of St. Louis; Mrs. Fred Howard of Toledo, Ohio; Mrs. Oscar Claywell and Bert Gill of St. Louis.

News Notes
Mr. and Mrs. Perry Bump, former residents of Winchester, are visiting at the home of Mr. and Mrs. Otis Dawson, northwest of town.

There were a great many Christmas shoppes in town Saturday but business was very quiet Monday.

This fact was due to the two severe rain and hail storms which visited this vicinity, one at 6 o'clock Monday morning and the other about 4 o'clock in the afternoon.

There will be a union service next Sunday evening at the Methodist church. The main feature of the occasion will be a Christmas Cantata, in which many of the musicians of the community will participate. The program will be published at an early date.

Miss Anna Brown arrived Sunday from Elgin for a visit with relatives in Winchester.

Mrs. William Hawk is the guest of her sister, Miss Hattie Barry, in Jacksonville.

MRS. S. W. NICHOLS
CALLED BY DEATH;
FUNERAL TUESDAY

Pneumonia Claims Long Time Resident of City—Leaves Husband and Two Daughters.

Mrs. Elizabeth Nichols, wife of S. W. Nichols, passed away Saturday night at the family residence on West College street. Death was due to pneumonia, following a brief illness.

A resident of Jacksonville many years, Mrs. Nichols held an important place in church and philanthropic work, and in the hearts of her friends. Funeral services will be held at 2:30 o'clock Tuesday afternoon at the Congregational church.

Mrs. Nichols was born in Glasgow, Scotland, July 20th, 1852, and was the daughter of Neal and Margaret Sinclair. When she was three years old her mother died, leaving her and a baby sister. Her parents were of the genuine Scotch-Covenanter stock who cheerfully faced fortune and death rather than do wrong. With a mother's tender care the father tended and reared his little daughters and between them and him a bond of peculiar sympathy and love existed and was many times mentioned by the daughters in after life.

When the older daughter was thirteen the father was taken away but the children were not neglected, for a kind and loving aunt took them to her heart and home and gave them a Christian raising, which adhered to all their lives. The father was a civil engineer and a man of fine character and much ability.

At the age of 26 Mrs. Nichols came to America and to Jacksonville, which has ever since been her home. Hers was truly an abode where love ruled and was the mainspring of all actions. Her ruling desire in life was to serve her Divine Master and for her loved ones and faithfully she gratified the wish of her heart. The most tender affection ever existed between her and her family and rare was the devotion manifested by them. Early in life she confessed her love for Christ and united with the Scotch Presbyterian church with which she was affiliated until coming to Jacksonville when she united with the First Presbyterian church, afterwards State Street, where for many years she

was a devoted and loyal member. When her family relations were changed she united with the Congregational church of this city and was a member of that body until her death.

She was ill but a few days. The night of Dec. 5, she was attacked with that dreaded malady, pneumonia, and just before twelve, five nights later, she quietly and peacefully breathed her last, falling asleep on earth to awake with the angels in Heaven.

May 20, 1881, she was married to James English, with whom she lived most happily until Sept. 25, 1908. Jan. 25, 1915, she was united in marriage with S. W. Nichols, who survives her; also two daughters, Mrs. W. H. P. Huber of Elgin and Miss Frances English of this city. Also two grandchildren, Frances Armetta and Alice Evelyn Huber. Her only sister died some years since.

"FICKLE WOMEN" IS
RED BLOODED COMEDY
Like a breath of exhilarating country ozone, "Fickle Women" the new comedy drama will come to the Grand Theatre Today.

This photoplay which is an adaptation of the Saturday Evening Post story, "Sitting on the World," by Sophie Kerr, is very similar in its humor and human touches to "David Harum" and "The Old Homestead." It is an up to the minute tale of a young fellow who thinks he has lost all he possesses in the world when his girl makes up with another fellow while he is away to the war. But it is the "face" with the smile that wins! This picture shows that it is as hard to keep a good man down as it is to get a telephone number now a days. We have heard so much about grim determination, that it may sound strange to hear of smiling determination, but that is the moral of this picture.

Americans have long been known in all parts of the world as a nation that smiles. Colvin Price, the young hero of this story smiled his way thru war, and smiled himself out of the clutches of one woman and into the heart of another. With this same smile plus a good Yankee wallop he restored his good name and started out in real earnest on the road of life.

There is much not only to amuse in this picture, but to inspire as well. King Solomon said that laughter doeth good like unto medicine, so take this tip and be on hand early at the Grand Theatre to take your medicine.

UNITED MEETING
OF ENDEAVORERS
IS HELD SUNDAY

D. F. Walker of Chicago, Field Worker, Delivers Very Helpful Address.

The United Christian Endeavor societies of Jacksonville met in the State Street Presbyterian church Sunday afternoon and enjoyed a very helpful and instructive lecture from D. F. Walker, field secretary for the State's Christian Endeavor Societies from Chicago.

Mr. Walker said that the motto of the Christian Endeavor societies throughout the state was, "Come on, let's go." He divided the first word of the motto into two parts: "Come" and "Me." "Come" stood for Congregational Outlook and "Me" stood for more endurance.

Mr. Walker's purpose in coming to Jacksonville was to show the societies how to get a larger attendance and how to keep the members coming to the meetings and keep them interested workers. He told the girls that they must tell the young man that wanted to come and see them Sunday nights that he must come to the meetings, and once he was there put him to work, as that was the only way to keep anyone interested in the society.

He recommended that the societies have executive meetings monthly and often have social times. After Mr. Walker had finished his talk he threw the meeting open to questions, and answered them, telling the members how to remedy the particular trouble of the society.

The different Christian Endeavor societies represented were: State street Presbyterian church, Northminster, Christian and Westminster. Congregational church also has a society but they were unable to be present at the meeting.

THE BREAD BASKET

By B. E. POWELL.

Until recently very little attention in America has been given to the systematic breeding of small grains. It is only in the last few years that farmers have attached much importance to the breeding of corn. Most farmers now examine very carefully not only the variety of corn they are to plant, but also each individual ear which is to furnish seed for their fields.

Many farmers who would not think of going to their bins or elevators to scoop up shelled corn for seed will use the scoop shovel method in selecting their seed wheat or oats. After all there is as much reason why wheat and oats should be selected and sold in the head as there is for seed corn to be sold in the ear. The same principles of heredity operate in wheat and oats as in corn, and characteristics of individuals are transmitted to their progeny just as surely in one class of plants as in another.

A significant piece of work at the Illinois Experiment Station field in Urbana illustrates these facts very clearly. In 1910, while inspecting a field of turkey red wheat, a single plant, outstanding for strength and high seed production, was observed. Seed from this plant was sowed and grown in a row test with 1,000 other seedlings. It outstripped them all and was selected by the plant breeding specialists for propagation. From this mother plant has been developed a new strain that outyields its ancestor, Turkey red, by six bushels an acre on a five-year average. In Coles county it has proven so successful that threshing rings have been formed to grow this wheat exclusively and to guard the purity of the strain.

One of our farm papers remarked that if the 2,000,000 acres of wheat lands in Illinois could be planted to this new strain the increased yield would be enormous. It should be noted however that this strain has been thoroughly tested only on the type of soil found in portions of Central Illinois. It is known that Turkey Red is not particularly adapted for Southern Illinois at least. It is safe to say surely that there would be a tremendous increase in total yield if this new strain were sown on all the soils for which it is adapted. Seed from this strain is being distributed in small lots commercially.

Dr. L. H. Smith, under whose direction these experiments in plant breeding were conducted has said in regard to this work of breeding: "Occasional, per-

haps in one of many million plants, there occurs a very individual, just as once in a century there arises a Shakespeare or an Edison in the human race. It is the business of the plant breeder to seek out these exceptionally productive individuals in order to test the transmission of their remarkable properties, and, if found to be heritable to propagate such strains."

Owners know these claims are true
The Stewart One-Ton Speed Truck has made good—100% good. Now owners know that what we said last January is so. It has quickly won its way to the front—the Stewart leader, and a profit-maker for owners. Business men and farmers favor it; buy it, work it hard, and praise it for its performance. For this One-Ton Speed Truck it fast, sturdy and flexible; built light for speed and built strong for hard hauling; its first cost is low, and it keeps right on saving on tires, repairs, gasoline and oil. It is furnished with electric starter, electric lights, magneto ignition and five-inch cord tires.

Daily Market Report

WHEAT MARKET

DEVELOPED STRENGTH

By Associated Press.
CHICAGO, Dec. 13.—Strength developed in the wheat market today largely as a result of buying based on opinions that bearish financial and industrial factors had been discounted. Prices closed firm, 2½c to 3½c, not higher with December \$1.68½ and March \$1.61½ to \$1.62. Corn gained 1c to 2½c and oats ½c to 5c. In provisions there was a setback of 15c to 47c.

Notwithstanding many elements of depression in sight at the opening, pressure to sell turned out to be much less vigorous than had been looked for.

Shorts quickly took fright and soon all classes of trades began to show at least temporarily a preference for the bull side, the general assumption being that the comparative smallness of the volume of offerings indicated that the market has been oversold. Much of the buying that ensued was credited to exporters and there was also active demand for futures on the part of houses with country connections. Talk was current of a serious shortage of supplies later in the season, unless prices advanced above an export basis.

The weather tended to give independent strength to corn and oats.

Provisions were weak in sympathy with a new break in the value of hogs.

The North West Quarter of the North East Quarter of Section Twenty-four (24);

The North East Quarter of the North East Quarter of Section Twenty-three (23);

And a part of the North West Quarter of the North East Quarter of said Section Twenty-three (23), bounded and described as follows: Beginning at the South East Corner of said Quarter, North Thirteen (13) chains to a stake, thence West Twelve (12) chains to a stake in the public road, thence South Thirty-one (31) degrees East along said public road sixteen and one-half (16½) chains to a stake, and thence East Three and one-half (3½) chains to the place of beginning.

All in Township Thirteen (13) North, and Range Eight (8) West of the Third Principal Meridian, in the County of Morgan and State of Illinois.

TERMS OF SALE: Cash in hand.

Possession given March 1, 1921. The rents until March 1, 1921, shall be reserved from said sale.

HONOR PILGRIMS AT I. C. CHAPEL SERVICES MONDAY

Tercenary Observance Held,
With Ozora S. Davis, Chicago,
as Main Speaker

The students, faculty and friends of Illinois college fittingly observed the tercentenary of the landing of the Pilgrims at the chapel service Monday. After the usual announcements by President C. H. Rammelkamp, who presided during the exercises, the usual chapel program was followed.

A song in praise of the pilgrim fathers was sung by the congregation which was followed with prayer by Dr. R. O. Post. Miss Ruth Melba Armstrong then sang a very beautiful solo, which was greatly appreciated by the audience. President Rammelkamp

then introduced F. O. G. Walker, state secretary of the Christian Endeavor Society, but owing to the full program scheduled, he did not make an address.

In opening the main part of the program, President Rammelkamp said that it would indeed be strange if such an event as the tercentenary of the landing of the Pilgrims were allowed to go unobserved on the Illinois college campus, as the college is an outgrowth of the Pilgrim movement. He next introduced Dr. F. S. Hayden, dean emeritus of the college, who gave an address on "The Relation of the Colleges to the Pilgrim Movement." He said in part:

Dean Hayden Speaks

"I am here this morning simply to fire a revolver in anticipation of the heavy artillery which will go into action later.

"A number of things have been said about the Mayflower and its passengers which are no doubt exaggerations. That picture which gives such a popular conception of the scene, shows the furniture hanging to the masts and over the sides of the ship, and perched on the rocks. Now there was probably very little furniture in the Mayflower, no grand father's clocks or anything of the sort, but perhaps only a few boxes to sit on, and the bare necessities of household furnishings.

"Then there are numbers of people who like to trace their ancestry back to the Pilgrim fathers. But it is certain that those who landed on Plymouth Rock had no conscious purpose of founding an aristocracy of descendants. Those people had something else to do, besides originating either colonial families or furniture.

"The Pilgrims were not educated people. Only one man among them, William Brewster, made any pretense to education, and his graduation from Cambridge is not attested. The Pilgrims were farmers and artisans; only one among them, John Alden, was a mechanic. In their religious life they were for twelve years without an ordained minister, and Brewster was only an elder, and had been absolutely forbidden by the heads of the church to administer the sacraments.

Pilgrim History

"When the people finally imported a minister, he showed signs of insanity, and was compelled to resign. When they got Roger Williams from the Massachusetts Bay colony, he soon developed peculiar beliefs, and was asked by the people to go away, followed, as they said, by their pity and their prayers.

"And yet, with all this against them, these people were instrumental in building up a system of religion and education, which has permeated all the country. I have here the list of the colleges, academies and theological seminaries, the founding of which is directly traceable to the work and influence of the Pilgrim fathers and their descendants.

"At one time the Germans built a mill in the middle of the Rhine, and by letting the waters pour thru its machinery, they were able

to grind the meal for the people on both sides of the river. The Pilgrims placed a mill athwart the current of the ages, which has ground the grist of civilization for an entire nation."

Dr. Davis Presented.

In a few well chosen remarks, President Rammelkamp presented the principal speaker of the morning, Dr. Ozora S. Davis, president of the Chicago Theological seminary, who delivered a masterly address on "The Real Significance of the Pilgrim Movement." It was not the first time that Dr. Davis had appeared before the Illinois student body or on a Jacksonville platform. He is an earnest and a forceful speaker and there is a weight to his utterances which commands instant attention and the deepest thought of his hearers. His address this morning was replete with that humor for which he is noted, but it also set forth his convictions on some of the vital questions of life, and impressed all who had the good fortune to hear it. Dr. Davis said in part:

"I hesitate to lecture you on the history of the Pilgrims, as I do not like to talk history before a body of students. I might find myself in the position of the young lady who was asked in an examination in music to define the term Andante. She wrote, 'Anne Dante was the wife of a great Italian poet, who after marrying her wrote The Inferno.' However, some history of the movement is necessary, in order that we may better understand its real meaning.

A Reform Movement.

"The Pilgrim movement was a part of the great Reformation which began on the continent, spread to the Low Countries, and came finally to England where it showed itself in the separation of the English church from the Roman Catholic church in the time of Henry VIII. Now in every reform movement, those interested divide into three wings, the extreme conservatives, the conservatives and the radical wing. This latter wing of the English reform movement believed in purifying the doctrines of the English church and simplifying the forms of worship.

This radical wing was known as the Puritan party, and was itself divided into the usual two wings and a center. The radical wing of the Puritans believed that there was no hope of purifying the Church of England and that the only way to live out their ideas was to separate from it altogether; and thus they became the Separatists. All their attempts to organize churches failed, until 1602, when in the little village of Scroby, near Gainsboro, a little band of them led by William Brewster, began to hold secret meetings. These were broken up and the members of the little church fled to Holland, where they finally settled at Leyden in 1608. During their stay of twelve years in Holland, they grew to a band of three hundred people. An even hundred of them came to America in the Mayflower and settled at Plymouth. This is in brief the history of the movement.

Pilgrims South Liberty.

"But the big question for us is, Why did it happen? Don't get the idea that the Pilgrims were a lot of cantankerous folks, with whom it was impossible for others to live. They were, in the first place, seeking political and religious liberty. They believed that no man had a

right to impose his beliefs and doctrines upon others that no ecclesiastical body had a right to enslave the spirit of man to a dogma or form of worship, that no politician had a right to impose his political tyranny upon his fellows. When they reached America they had been blown from their course and came to the sort at a point outside the limits of their charter. Capt. Jones of the Mayflower did all he could to beat south along the shore and make the mouth of the Hudson, but he only succeeded in reaching Provincetown harbor, where the Pilgrims later landed. What were they to do? They had no right there whatever. They took things into their own hands and in November, 1620, they drew up the Mayflower compact, which is the first document guaranteeing religious and civil liberty in America. All political rights were vested in the people on the Mayflower; it was a church congregation seeking freedom of worship and that church organized a state. Upon the Mayflower compact was founded the Connecticut, which furnished the model for the federal constitution, and the other state constitutions which followed, all of them guaranteeing political and religious liberty to the people. The principles in that compact were fundamental and seem to us true beyond argument; but it has taken three hundred years to beat them into the skulls of the American people, and some in this country don't believe them yet. The idea that the people were free in their own right was foreign to that century, in those days the free and loving people did what they were told by those higher up and never decided what they were to do themselves.

Lead Moral Lives.

"In the second place, those Pilgrims believed in the obligation to live a moral life. In the seventeenth century, religion was largely a matter of form. But the Pilgrims believed that religion had something to do with life. True, they had some strict laws, which seem to us foolish; but we can admire their spirit. We can accept their sublime faith in God. You may call God what you wish, but be reverent toward the Eternal. Young men, when you make an analysis in the laboratory, reverence the thing you study, and the laws with which you have to deal.

"The courage of those Pilgrims is more glorious than anything that we find in succeeding events. When in the spring of 1621 the Mayflower sailed for home, though half their number lay dead in the little cemetery on the hill top, not one of those who were left would desert the enterprise."

Dr. Davis closed his address with a stinging denunciation of those who come from our colleges and universities with a cynical attitude toward the fundamental things of life and with a plea that all should copy the virtues of the Pilgrim Fathers.

Dr. Davis came to the college this year as a speaker on the George L. Roberts foundation.

AN APOLOGY

We wish to extend our apology to the people of Jacksonville for disappointing them Sunday. The damage to the airplane which was flying from St. Louis to Jacksonville Saturday was far greater than first supposed, there being two landing chassis struts broken while effecting a landing in a muddy field at Brighton, Ill., for a change of spark plugs. This being the case, it was impossible for the airplane to resume until new struts are put on which have been ordered from Chicago.

Caramel Ice Cream

2 cups Libby's Evaporated Milk
1 cup water
1 tablespoon flour
1 egg
3/4 cup sugar
4-6th teaspoon salt

Put sugar in a frying pan and heat over a slow fire until melted, stirring constantly. Add water gradually, stir until dissolved. Mix sugar, flour and salt, add to syrup and boil two minutes. Pour over slightly beaten egg, cook one minute. Cool, add Libby's Evaporated Milk and freeze. Serves 8 people

YOUR favorite frozen desserts can appear on your menu several times a week—when you learn to make them with Libby's Evaporated Milk! No longer need the high cost of cream make you hesitate to serve them often!

For in making ice-cream, Libby's Evaporated Milk takes the place of cream—at only half its cost! Confectioners have been using it for years—they discovered long ago that this rich, pure milk, evaporated to the consistency of cream, always makes a rich ice-cream with the velvety smoothness they try so hard to get.

Try Libby's Evaporated Milk in this recipe for Caramel Ice-Cream—and in others of your own. When you see what a delightful creaminess it gives to the simplest dessert, you will say that here indeed is a way to economize and please your family at the same time!
